

# SOFTWARE CONCEIVED AND DESIGNED EXCLUSIVELY FOR THE GYM, SWIMMING POOL AND SPORTS CENTER ...

MEMBERS MANAGEMENT

ZACCESS XP Professional is an advanced management tool, simple and powerful, created by the evolution in 1986 of «AM.PAL», the first administration software for gyms. Since then, with the help of our customers and the IT consulting offered to numerous company (gyms, swimming pools, training centers, clubs and high level Associations), we have created a flexible and complete tool which allows the management to 360 ° and a complete control of your company, users, activities, services and accesses control.

Zaccess XP Professional is the most powerful and flexible management tool for Access Control on the market today. Integrated with the «Money Card» functionality that allows you to manage pre-paid services and time-permanent services.
